Beatrice Koubi is from Switzerland and is a homeschooling mom of four. She will be teaching hand sewing and "Tricks for Kids." Beatrice has taught knitting, hand sewing and German at PACE Miami (enrichment classes) for several years. She has used knitting and hand sewing with her patients at Jackson Memorial Hospital for several years. She has been a student of Alvin Goodman, founder and teacher at Pinecrest Magic Club for several years. Kids sometimes feel that the magic is in the gadget, therefore I will also use inexpensive prefabricated gadgets in my class.
